

## Technical Datasheet for Mylar® Dividers

|                            |  |   |
|----------------------------|--|---|
| <b>Material:</b>           | <b>White Cardboard, 170, 190, 250 gsm (in stock)</b><br>Coloured board or special board qualities on request.<br>Orders of over 3 tons of board can be produced to any specification.  |   |
|                            | Material thickness tolerance:  | ± 8 % are dictated by our suppliers and must be accepted.   |
| <b>Standard Sizes:</b>     | <b>A4:</b><br>max. 297 x 230 mm incl. tab  | <b>A5:</b><br>max. 210 x 163 mm incl. tab   |
| <b>Special Sizes:</b>      | max.: height 380 mm x width 500 mm (incl. tab)<br>min.: height 128 mm x width 83 mm (incl. tab)  |   |
| <b>Tab Width:</b>          | 9 mm, 13 mm, 15 mm, and 16.5 mm  |   |
| <b>Tab Punching:</b>       | Step-cut    | or cut-out tabs with rounded corners and oblique edges.  |
|                            | Tab division according to your specifications  |   |
| <b>Hole Punching:</b>      | punched 2 or 4 holes (hole distance 80 or 80/80/80 mm)<br>alternatively: Euro punching (11 holes)<br>hole diameter: 6 mm<br>hole distance: 8 mm (from edge of sheet to centre of hole)   |   |
| <b>Hole reinforcement:</b> | For 2 and 4-hole punching, partial reinforcement (Donuts) possible;<br>For Euro and special punchings: strip reinforcement only  |   |
| <b>Mylar® Colours:</b>     | clear or coloured – please request our mylar® colour samples<br>(13 colours stocked – further colours on request)  |   |
| <b>Printing:</b>           | Mylar® dividers can be screen or litho printed.  |   |
| <b>Printing Colours:</b>   | Entirely your choice - please indicate HKS, Pantone or RAL codes. We will match the colour as close as possible to your specification.   |   |
| <b>Films:</b>              | Films for screen printing must be emulsion up, and for litho printing emulsion down.<br>Please include crop marks to clearly indicate sheet/tab size. . If you prefer us to deal with film exposure, please let us have a drawing or artwork data showing all the necessary details – charges for phototype setting are on a cost-price basis. |   |
| <b>Digital artwork:</b>    | See separate "Guidelines for digital artwork".   |   |
| <b>Quantities:</b>         | Due to the industrial nature of the production process, we reserve the right to deliver and invoice ± 10 % of the quantity ordered.<br>Please refer to our technical datasheet on dividers for more general information on dividers and our terms and conditions.  |   |
